Michele A. Paludi

What Parents Need to Know about Dating Violence Barrie Levy, Patricia Occhiuzzo Giggans, 1995 Offering information, advice, and real-life stories from parents and teens, a guide to dealing with dating violence discusses how to teach teens to protect themselves and build healthy relationships, describes resources available, and addresses special situations. Original. IP.

Programs to Reduce Teen Dating Violence and Sexual Assault Arlene N. Weisz, Beverly M. Black, 2009-05-05 Arlene Weisz and Beverly Black interview practitioners from more than fifty dating violence and sexual assault programs across the United States to provide a unique resource for effective teen dating violence prevention. Enhancing existing research with the shared wisdom of the nation's prevention community, Weisz and Black describe program goals and content, recruitment strategies, membership, structure, and community involvement in practitioners' own words. Their comprehensive approach reveals the core techniques that should be a part of any successful prevention program, including theoretical consistency, which contributes to sound content development, and peer education and youth leadership, which empower participants and keep programs relevant. Weisz and Black show that multisession programs are most useful in preventing violence and assault, because they enable participants to learn new behaviors and change entrenched attitudes. Combining single- and mixed-gender sessions, as well as steering discussions away from the assignment of blame, also yield positive results. The authors demonstrate that productive education remains sensitive to differences in culture and sexual orientation and includes experiential exercises and role-playing. Manuals help in guiding educators and improving evaluation, but they should also allow adolescents to direct the discussion. Good programs regularly address teachers and parents. Ultimately, though, Weisz and Black find that the ideal program retains prevention educators long after the apprentice stage, encouraging self-evaluation and new interventions based on the wisdom that experience brings.

When Dating Becomes Dangerous Barrie Levy, Patricia Occhiuzzo Giggans, 2013-11-05 Send your teenager out into the dating world equipped with the knowledge, strength, and communication skills to walk away from abusive relationships—and to develop healthy ones. As our kids grow older and they start asserting their independence, we worry about their safety and well being. And when it comes to dating and intimacy, it is hard to know how to protect them when a would-be gentle relationship turns violent, be it verbally or physically. The fact is that as many as one in four high school and

college-aged youth are affected by an abusive relationship. So, how do we as parents protect our kids from becoming another statistic? And how do we give them the self-assurance to leave a dangerous situation? In this informative guide for parents, Barry Levy and Patricia Occhiuzzo Giggans, both experts in relationship violence, draw on their professional experience to provide guidance for getting through the relationship challenges kids, both gay and straight, face today. Here you'll discover: How to give your teen the skills to encourage healthy relationships Why many teenagers hide their abusive relationship How to recognize the warning signs of dating violence, including cyber abuse What to do if your child is the abuser, and when girls are the perpetrator of abuse

The Basics: What We Need to Know about Teen Domestic Violence (Tdv) Kesha Latrell Stowe-Spence, 2014-03 THE BASICS, What We Need To Know About Teen Dating Violence (TDV) is a short read for the youth between ten years of age and above. THE BASICS is straight and to the point. THE BASICS cover understanding teen dating violence as well as explain in details the Teen Power & Control Wheel. The Teen Power & Control Wheel was designed to explain the different types of abuses that fall under TDV. Most teen victims only recognize abuse as the physical aspect; but in reality abuse comes in many forms which needs to be understood by today's youth. THE BASICS talks about how one can achieve the goal of getting out of these unhealthy situations. THE BASICS also give reasons why some teens stay in abusive relationships. I feel by understanding why one chooses to stay can help love ones try to have empathy when addressing the problem. Last but not least the DATING BILL OF RIGHTS, which explain what your rights are when it come to dating. Unhealthy relationships behaviors often start early and lead to a lifetime of abuse. Domestic violence does not only affect adults, it is now the reality of our youth. Every student, parent and teacher needs to be aware of teen dating violence everyday. Each year one in five adolescent's reports being a victim of verbal or emotional abuse. Verbal and emotional abuse is just as damaging as physical abuse, if not worst. As one wise person once said; tell a young lady she is beautiful she will believe it for a minute, tell a young lady she is worthless she will remember it for the rest of her life. Knowledge Is Power & Love Does NOT Hurt. AIR HUGS

Saving Beauty from the Beast Vicki Crompton, Ellen Zelda Kessner, 2007-09-03 Dating violence affects a huge number of teenage girls -- one in three girls between the ages of ten and eighteen reports having been assaulted by a boyfriend -- and can run the gamut from possessiveness to stalking to outright physical abuse. Often it is the girls with the highest selfesteem, those who believe they are in control of their lives and can bring out the best in their boyfriends, who find themselves in the grip of a relationship in which the tables have been turned. This essential and timely book incorporates the insights and advice of experts in the fields of education, adolescent psychology, criminal justice, threat assessment, and sociology. Authors Crompton and Kessner also include the voices of teenagers and parents to provide an in-depth portrait of the dynamics of controlling behavior.

Teen Dating Violence Susan Mary Sanders, 2003 Using survey and interview data from approximately five hundred female high school juniors, this book measures the incidence of dating violence among teenage females and examines the needs of minors and also provides checklists of abuser characteristics.

Sugar and Spice and No Longer Nice Deborah Prothrow-Stith, Howard R. Spivak, 2005-05-06 Sugar and Spice and No Longer Nice is a groundbreaking book that offers parents and teachers a primer for understanding and preventing the increasing incidents of physical violence--hazing, brutality, fighting, weapons, murder--by young girls. Written by Drs. Deborah Prothrow-Stith and Howard R. Spivak—the renowned Harvard- and Tufts-based experts on preventing youth violence—this important book offers a plan to help our daughters become strong, confident, powerful, and independent young women without being violent.

Adolescent Dating Violence David Wolfe, Jeff R. Temple, 2018-06-25 *Adolescent Dating Violence: Theory, Research, and Prevention* summarizes the course, risk/protective factors, consequences and treatment/prevention of adolescent dating violence. Dating violence is defined as physical, sexual, psychological, and cyber behavior meant to cause emotional, physical, or social harm to a current or former intimate partner. The book discusses research design and measurement in the field, focuses on the recent influx of longitudinal studies, and examines prevention and intervention initiatives. Divided into five sections, the book begins by reviewing theory on and consequences of dating violence. Section II discusses risk factors and protective factors such as peer influences, substance use, and past exposure to violence in the family of origin. Section III discusses how social and cultural factors can influence teen dating violence, addressing the prevalence of dating violence among different ethnicities and among LGBTQ teens, and the influence of social media. Section IV discusses recent research priorities including gender inequality, measurement, psychological abuse, and the dual nature of dating violence during adolescence. Section V reviews evidence-based practice for treatment and prevention across various age groups and settings. Encompasses physical, sexual, psychological and cyber violence Introduces theory on dating violence Emphasizes results from longitudinal studies and intervention initiatives Highlights the influence of social media and technology on dating violence Discusses ethnic, gender and other social and cultural differences in prevalence Examines evidence-based practice in treatment and prevention

Dating Violence Henrietta M. Lily, 2011-08-15 Describes dating violence, relationship abuse, what a healthy relationship should be, and how to leave a violent relationship.

Dating Violence Laura La Bella, 2015-07-15 Women between the ages of sixteen and twenty-four experience the highest rate of dating violence—almost triple the national average. Understanding what dating violence is can help would-be victims—whether male or female—avoid getting involved with someone who could become violent, or provide readers much-needed guidance if they are already in a potentially violent relationship. Resources are provided to help victims end an unhealthy relationship and recover both emotionally and physically. Warning signs, causes, statistics, and options for legal recourse are also included.

Adolescent Risk Behaviors David A. Wolfe,Peter G. Jaffe,Claire V. Crooks,2008-10-01 This book focuses on the crucial role that relationships play in the lives of teenagers. The authors particularly examine the ways that healthy relationships can help teens avoid such common risk behaviors as substance abuse, dating violence, sexual assault, and unsafe sexual practices. Addressing the current lack of effective prevention programs for teens, they present new strategies for encouraging healthy choices. The book first traces differences between the “rules of relating” for boys and girls and discusses typical and atypical patterns of experimentation in teens. The authors identify the common link among risk behaviors: the relationship connection. In the second part of the book, they examine the principles of successful programs used by schools and communities to cultivate healthy adolescent development. An illuminating conclusion describes the key ingredients for engaging adolescents, their parents, teachers, and communities in the effort to promote healthy, nonviolent relationships among teens.

Let's Talk about Boyz Teen Dating Violence Awareness and Prevention for Teen Girls Ladonna Mcgee,2022-04-26 Let's Talk About Boyz Teen Dating Violence, and Sex Trafficking Awareness and Prevention Series for Teen Girls (LTAB) is an incredibly creative and engaging gender-specific curriculum designed for teen girls ages 12 to 18. This user-friendly, 14 session series also includes social-emotional learning applications with life skill components that assist teens in developing the ability to enforce self-regulated, positive behaviors that enable them to deal effectively with the demands and challenges of life. This series is great for in-school or after-school programs, community organization programs, home-based activity, faith-based or mentoring programs.The curriculum objective is to provide instructional strategies and examples. These examples include learned experiences through various scenarios that impact and promote positive behavioral outcomes among youth and address health determinants, social factors, attitudes, values, social norms, and skills that influence negative consequences. This series's unique guided set of instructions provides an approach that easily enables adults and teens to discuss sensitive topics. Allow the guide to do all the work for you! Adding your own opinion based on professional or personal knowledge related to each topic is always helpful and encouraged. However, the guide's instruction process helps initiate a flow of discussions either lead by participants, groups of girls, or by the instructor (you).

Each segment gives details and evident-base facts associated with each topic eliminating any guesswork. Additional benefits and features: Each segment of this guide provides empowering applications that build self-esteem, respect for self-image, and worth regardless of culture, demographics, and life's challenges. This series provides content that initiates engaging, thought-provoking discussions directed towards teen girls to consider disregarding dating and encourages abstinence. Also, participants take a look at some of the emotional and physical consequences resulting from intimate relationships. Participants will successfully learn to identify supportive relationships in comparison to abusive relationships. And remember to avoid abuse even before it happens, how to identify and recognize predator traps, avoid peer pressures that can lead to bad judgments, and practice restraint from indulging in radical and harmful behaviors.

But I Love Him Jill Murray, 2009-10-13 One in three girls will be in a controlling, abusive dating relationship before she graduates from high school – from verbal or emotional abuse to sexual abuse or physical battering. Is your daughter in danger? Dr. Jill Murray speaks on the topic of dating violence at high schools around the country, reaching more than 10,000 students, teachers, and counsellors each year. In every school she visits, she is approached by teenage girls in miserable relationships who, when confronted with the option of breaking up with the boy, exclaim, But I love him! Many young women – and their parents, aren't even aware of the indications of a potentially abusive relationship. What's most alarming is that these warning signs are also some of the behaviours that girls find most flattering: A boy pages and calls a girl often – but as a form of control, not affection. He wants to spend all his time with her, but eventually won't allow her to spend time with her friends. He says I love you very early in the relationship. These behaviours can escalate into blaming, isolating, manipulating, threatening, humiliation, and sexual and physical abuse. In *But I Love Him*, Dr. Murray identifies these controlling, abusive patterns of behaviour and helps you get your daughter out of the relationship without alienating her. You will learn what draws her to this type of relationship, why she has a hard time talking to you about it, the special barriers teens face when breaking off a relationship, and what's going on in the mind of a teen abuser. Dr. Murray will help you show your teen what a respectful relationship looks like, and teach her the importance of respecting herself. edition.

Ending Violence in Teen Dating Relationships Al Miles, 2005 The remedy we need to protect teens from physical, sexual, and emotional abuse lies within this book: information. Al Miles, a nationally recognized expert in the field of domestic and teen relationship violence awareness, teaches parents, educators, and pastors about the abuse tactics being used against their teens. Miles helps readers understand how offenders use popular culture and Christian traditions to excuse and justify their violence. And most important, he offers parents and pastors key strategies to build bridges with the teens in their lives and protect them, in order to end violence in teen dating relationships.--BOOK JACKET.

The Psychology of Teen Violence and Victimization Michele A. Paludi, 2011-10-20 This compilation of original essays does more than just illuminate the serious problem of teen violence and victimization; it also provides resources that parents

and teachers can use to address issues of violence with their teens and make a difference. While it's widely known that hate crimes represent a serious issue among today's adolescent population, most parents—and perhaps even some educators—may be unaware that gender-based violence is the most prevalent type of hate crime committed by and experienced by teens, and that adolescent girls are exposed to more violence than boys. A complete understanding of the nature of the problem is fundamental to curtailing problems like cyberbullying and sexual harassment. The Psychology of Teen Violence and Victimization is a two-volume set that fills a gap in the current literature on teen violence by addressing the incidence, psychological explanations, and impact of all forms of teen violence. The author—a psychologist who has focused upon interpersonal problems centered on violence, harassment, and gender—provides in-depth discussion of the various types of violence committed by and against teens. The set offers actionable prevention strategies for parents and teachers as well as individuals involved in community programs. Special attention is given to the impact of violence on adolescents' emotional and physical health, interpersonal relationships, career development, and self-concept.
